3L assortment

the whole assorment in pdf ...

Under the 3L brand you will find an assortment of office accesories, mainly made from soft transparent PP from this well-known Danish producer, a specialist in the field with over 35 years' tradition and experience. The producer has its own development background and thanks to this 3L products boast a high quality of design and materials used. The narrow specialization of the producer enables the production of ergonomically sophisticated collections. 3L offers a broad portfolio of products that are always sold in an attractive packaging regardless of order size.

Self-adhesive pockets and other adhesive PP products

Self-adhesive pockets for A4 documents down to CD pockets and small pockets for business cards. On their reverse side they have a quality adhesive which is adjusted to the purpose of the product so that the pocket can comfortably be handled, especially when inserting and removing documents.

Self-laminating cards

Samolaminovací karty jsou v nabídce hned v několika formátech a umožňují dokonalou ochranu tištěného dokumentu bez potřeby laminátoru. Laminace za studena je tak dostupná každému.

Name tags, safety tags, self-laminating tags

3L offer a wide variety of name tags of all types from simple tags to self-laminating cards or hard security badges for magnetic cards. The
